

### **Singapore International Chamber of Commerce awarded the SME Award for outstanding cooperation with multinational companies**

Faced with an increasingly competitive global environment, local companies must cooperate with each other in order to enhance each other's competitiveness. Five local SMEs and multinational companies with excellent cooperation performance was awarded at the Singapore International Chamber of Commerce (SICC) Annual Awards.

The inaugural Singapore International Chamber of Commerce Award Presentation Ceremony was held last Friday at Marina Bay Sands where two business cooperation teams stood out.

The HP Inc, Mega Plus Technology and Super Pak Manufacturing team won the "Best Cooperation Award for Reform" (Most Transformational Collaboration) for environmental green packaging concept.

Both SATS Group (SATS) and Freightmen companies was awarded "the most potential to scale reform Award" (Most Scalable Transformation) for simplified one-stop solutions for freight submission procedures.
